## **RED**

RED's line of DSMC2 cameras features three unique sensor options, enabling unlimited pairing with our full collection of Panavision lenses. With custom-engineered Panavision Modular accessories, all RED cameras are enhanced for functionality, connectivity, and efficiency. The collaboration between Panavision Modular and RED cameras led to the creation of DXL-M, which expands the DXL2 ecosystem.

### **Phantom Flex**

The Phantom Flex 4K is Vision Research's latest offering for the Motion Picture market. Lower image noise and a higher dynamic range than the Flex 2K makes this a very attractive option for ultra high-speed digital capture. The Flex 4K has in camera controls for menu and trigger functions and offers 64GB of internal storage.
